***INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS***

**School Board
Howard School District No. 48-3
Miner County, South Dakota**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Howard School District No. 48-3, Miner County, South Dakota, as of and for the year ended June 30, 2019, which collectively comprise Howard School District's basic financial statements and have issued our report thereon dated December 22, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Howard School District's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Howard School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Sioux Falls ■ 605.271.1302
Chamberlain ■ 605.234.6055
Huron ■ 605.352.8573
Miller ■ 605.853.2130

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Howard School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. As required by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

A handwritten signature in cursive script, appearing to read "CLO Prof LHC".

The prior audit report contained no written audit comments.

SCHEDULE OF CURRENT AUDIT FINDINGS AND QUESTIONED COSTS

Current Federal Audit Findings:

There are no written current federal compliance audit findings to report.

Current Other Audit Findings:

There are no written current other audit findings to report.

INDEPENDENT AUDITOR'S REPORT

**School Board
Howard School District No. 48-3
Howard, South Dakota**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Howard School District No. 48-3, Howard, South Dakota, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Howard School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Mitchell ■ 605.996.7717
Sioux Falls ■ 605.271.1302
Chamberlain ■ 605.234.6055
Huron ■ 605.352.8573
Miller ■ 605.853.2130

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of Howard School District No. 48-3 as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (MD&A), the budgetary comparison schedules, the schedule of proportionate share of the net pension liability (assets), schedule of school district contributions to pension, and the schedule of changes in total OPEB liability and related ratios listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 22, 2019 on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions or laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School District's internal control over financial reporting and compliance.

**HOWARD SCHOOL DISTRICT NO. 48-3
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2019**

This section of Howard School District No. 48-3's annual financial report presents our discussion and analysis of the School's financial performance during the fiscal year ended on June 30, 2019. Please read it in conjunction with the School's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- During the year, the School's revenues of \$6,099,560 generated from taxes and other revenues of the governmental and business-type programs were \$521,670 more than the \$5,577,890 in governmental and business-type program expenditures.
- The District experienced a \$43,233,211 or 6% increase in total property valuation in 2018. Ag land alone experienced an increase in value of 6% in 2018 as compared to 2017.
- The total cost of the School's programs increased by 19.83% mainly due to wages, and the high school building addition project.
- The first two statements are government-wide financial statements that provide both long-term and short-term information about the School's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the School government, reporting the School's operations in more detail than the government-wide statements.
 - The governmental funds statements tell how general government services were financed in the short-term as well as what remains for future spending.
 - Proprietary fund statements offer short- and long-term financial information about the activities that the School operates like businesses. The proprietary funds operated by the School are the Food Service Operation (Fund 51), and After School program and Drivers Education (Fund 53).
 - Fiduciary fund statements provide information about the financial relationships in which the School acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

**HOWARD SCHOOL DISTRICT NO. 48-3
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2019**

Figure A-1 summarizes the major features of the School's financial statements, including the portion of the School government covered and the types of information contained. The remainder of the overview section of the management's discussion and analysis explains the structure and contents of each of the statements.

Figure A-1

Major Features of Howard School's Government-Wide and Fund Financial Statements

Type of Asset/Liability Information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the School's funds do not currently contain capital assets although they can
Type of Inflow/Outflow Information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

**HOWARD SCHOOL DISTRICT NO. 48-3
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2019**

Government-Wide Statements

The government-wide statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the School's net position and how they have changed. Net position is one way to measure the School's financial health or position.

- Increases or decreases in the School's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the School you need to consider additional nonfinancial factors such as changes in the School's property tax base and changes in the state school aid funding formula from the State of South Dakota.

The government-wide financial statements of the School are reported in two categories:

- **Governmental Activities** – This category includes the School's basic instructional services, such as elementary and high school educational programs, support services (guidance counselor, executive administration, board of education, fiscal services, etc.), debt service payments, extracurricular activities (sports, debate, music, etc.) and capital equipment purchases. Property taxes, state grants, and federal grants finance most of these activities.
- **Business-type Activities** – The School charges a fee to students to help cover the costs of providing breakfast and hot lunch services to all students. The Food Service Fund and the Other Enterprise Funds (Drivers Ed, and FAST program) are the only business-type activities of the School.

Fund Financial Statements

The fund financial statements provide more detailed information about the School's most significant funds – not the School as a whole. Funds are accounting devices that the School uses to keep track of specific sources of funding and spending for particular purposes.

- State law requires some of the funds.
- The School Board establishes other funds to control and manage money for particular purposes.

The School has three kinds of funds:

- **Governmental Funds** – Most of the School's basic services are included in the governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at the year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the School's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental fund's statements, or on the subsequent page, that explains the relationship (or differences) between them.

**HOWARD SCHOOL DISTRICT NO. 48-3
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2019**

- **Proprietary Funds** – Services for which the School charges customers a fee is generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both short- and long-term financial information. The Food Service, Drivers' Education, and FAST programs are Enterprise funds are the only proprietary funds maintained by the School.
- **Fiduciary Funds** – The School is the trustee, or fiduciary, for various external and internal parties. The School is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the School's fiduciary activities are reported in a separate statement of net position and a statement of changes in net position. We exclude these activities from the School's government-wide financial statements because the School cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE SCHOOL AS A WHOLE

Net Position

The School's combined net position increased as follows:

Table A-1
Howard School District No. 48-3
Statement of Net Position

	<i>Governmental Activities</i>		<i>Business-Type Activities</i>		<i>Total</i>		<i>Percentage Change 2018-2019</i>
	<i>2018</i>	<i>2019</i>	<i>2018</i>	<i>2019</i>	<i>2018</i>	<i>2019</i>

Unrestricted	588,406	886,211	37,674	48,928	626,080	935,139	49.36%
Total Net Position	8,261,623	8,770,584	61,605	74,314	8,323,228	8,844,898	6.27%
Beginning Net Position Restated	6,832,739	8,261,623	67,305	61,605	6,900,044	8,323,228	20.63%
Increase (Decrease) in Net Position	\$ 1,428,884	\$ 508,961	\$ (5,700)	\$ 12,709	\$ 1,423,184	\$ 521,670	
Percentage of Increase (Decrease) in Net Position	20.91%	6.16%	-8.47%	20.63%	20.63%	6.27%	

The District's combined net position of approximately \$8.84 million is approximately \$520 thousand or 6.27% more than on June 30, 2018.

HOWARD SCHOOL DISTRICT NO. 48-3
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2019

The Statement of Net Position reports all financial and capital resources. The statement presents the assets, deferred outflows of resources, liabilities and deferred inflows of resources in order of relative liquidity. The liabilities with average maturities greater than one year are reported in two components – the amount due within one year and the amount due in more than one year. The long-term liabilities of the School, consisting of net pension liability, compensated absences payable, GOB bonds QZAB bonds, and QSCB bonds, have been reported in this manner on the Statement of Net Position. The difference between the School’s assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is its net position.

Changes in Net Position

The District’s revenues totaled \$6,099,560. (See Table A-4.) This was an approximately .35% increase. Approximately 76.86% of the District’s revenue comes from property and other taxes, with another 12.57% from state aid. (See Table A-2.)

Table A-2
Howard School District No. 48-3
Sources of Revenues
Fiscal Year 2018-2019

Taxes	\$ 4,688,003	76.86%
State sources	767,007	12.57%
Operating grants & contributions	383,210	6.28%
Charges for services	181,222	2.97%
Unrestricted investment earnings	49,683	0.82%
Other revenues	30,435	0.50%
<i>Total Revenue</i>	\$ 6,099,560	100.00%

Total costs of all programs and service decreased by approximately 19.83%. The District’s expenses totaled \$5,577,890. (See Table A-4.) The School’s expenses cover a range of services, encompassing instruction, support services, interest on long term debt, co-curricular activities, food services, driver’s education and FAST program. (See Table A-3.)

Table A-3
Howard School District No. 48-3
Statement of Expenditures
Fiscal Year 2018-2019

GOVERNMENTAL ACTIVITIES

Revenues for the School's governmental activities increased primarily due to increases in ad valorem taxes and state aid. Property taxes did increase in General, and Capital Outlay. In the Special Ed Fund the levy amount was decreased.

BUSINESS-TYPE ACTIVITIES

Net position of the School's business-type activities increased approximately \$12,709 mainly due contributed capital from capital outlay. The contributed capital was a range.

FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

Overall the governmental funds have increased approximately \$192,936 in net position over last year. The main cause was increased tax revenues.

**HOWARD SCHOOL DISTRICT NO. 48-3
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2019**

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the School Board revised the School budget several times. These amendments fall into two categories:

- Supplemental appropriations and contingency transfers approved for unanticipated, yet necessary, expenses to provide for items necessary for the education program of this district.
- Increases in appropriations, primarily by contingency transfer, to prevent budget overruns.

There were budget changes for the year due to needing additional funding for general operating expenses in the General Fund.

CAPITAL ASSET ADMINISTRATION

By the end of 2019, the School had invested \$10,156,197 (net of depreciation) in a broad range of capital assets, including, land, buildings, various machinery and equipment. (See Table A-5.) Total capital outlay expenditures were \$2,672,987.

The School is liable for the accrued sick leave payable to the various employees who have five consecutive years or more of employment at the School District.

**HOWARD SCHOOL DISTRICT NO. 48-3
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2019**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Based on fund balances for governmental activities, the District's economic position increased by \$192,936 or 5%. The fund balance for the largest fund, the General Fund, increased by \$75,816 or 11%. This included a \$434,890 transfer from the Capital Outlay Fund permitted by statute. The \$434,890 transfer represents 12% of the Capital Outlay Revenue for FY 19. Statute allows up to 45% to be transferred. The fund balance for the Capital Outlay Fund increased by \$70,300 or 8%. Capital Outlays were mostly the High school addition. Those expenditures were covered by Capital outlay certificate proceeds. The fund balance for the special education fund decreased by \$16,935 or 1%. The pension fund increased by \$73 or less than 1%. The District did experience a \$43,233,211 or 6% increase in total property valuation in 2018. While the growth or decrease in property valuation does increase or decrease the amount of revenue the District can generate from property taxes, the total amount which can be levied is limited by the State of South Dakota. In addition, growth in property valuation does not improve revenues for the General Fund or Special Education because major revenues for these funds are based on an annual allocation derived from a formula determined by the State. The allocation is based on a combination of local property tax revenue and state funds. The district was limited to a Capital Outlay levy rate of \$2.76.

The School's enrollment for the last two years has been as follows:

<u>YEAR</u>	<u>ADM</u>	<u>Percent (Decrease) in ADM</u>
2019	358	-1.38%
2018	363	-0.55%

CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the School's finances and to demonstrate the School's accountability for the money it receives. If you have questions about this report or need additional information, contact the Howard School District's Business Office, 500 N. Section Line St., Howard, SD 57349.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO
THE STATEMENT OF NET POSITION – GOVERNMENTAL FUNDS
JUNE 30, 2019**

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS **\$ 3,959,818**

Amounts reported for governmental activities in the statement of net assets are different because:

Net pension asset reported in governmental activities is not an available financial resource and therefore is not reported in the funds. 2,682

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. 10,156,197

Pension related deferred outflows are components of pension liability (asset) and therefore are not reported in the funds. 952,452

Long-term liabilities, bonds payable, and accrued leave payable are not due and payable in the current period and therefore are not reported in the funds. (6,186,820)

Pension related deferred inflows are components of pension liability (asset) and therefore are not reported in the funds. (212,459)

OPEB related deferred inflows are components of OPEB liability and therefore are not reported in the funds. (35,546)

Assets such as taxes receivable (delinquent) are not available to pay for the current period expenditures, and therefore are deferred in the funds. 134,260

Net Position-Government Funds \$ 8,770,584

The accompanying Notes to Financial Statements are an integral part of these financial statements.

HOWARD SCHOOL DISTRICT NO. 48-3
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND
BALANCES TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2019

TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS **192,936**

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities.

Capital Outlays	\$	2,672,987	
Depreciation Expense		<u>(415,898)</u>	
Net			2,257,089

In the statement of activities, net gains and (losses) (\$0) on disposal of capital assets are reported, whereas, in the governmental funds, the proceeds (\$1,305) from the disposal of capital assets is reflected, regardless of whether a gain or loss is realized. (+gains, -losses, -proceeds=amount)

--

The receipt of donated capital assets is not reported on the fund statements, but is reported as a program revenue on the government wide statements.

Donated Capital Asset	700
-----------------------	-----

Payment of principal on long-term debt is an expenditure in the government funds but the payment reduces long-term liabilities in the statement of net position.

378,442

The issuance of long-term debt is an other financing source in the fund statements but an increase in long-term liabilities on the government wide statements.

Energy loan/Capital Outlay 2018 Loan	(2,065,371)
--------------------------------------	-------------

In both the government-wide and fund financial statements revenues from property tax levies are applied to finance the budget of a particular period. Accounting for revenues from property tax accruals in the funds' statements differs from the accounting in the government wide statements in that the fund financial statements require the amounts to be "available". This amount reflects the application of both the application period and "availability criteria".

23,605

Governmental funds recognize expenditures for amounts of compensated absences and early retirement benefits actually paid to employees with current financial resources during the fiscal year. Amounts of compensated absences earned by employees are not recognized in the funds. In the statement of activities, expenses for these benefits are recognized when the employees earn leave credits or elect to retire early.

Sick Leave		(1,083)	
Other postemployment benefits		<u>(61,861)</u>	
			(62,944)

Changes in the pension and OPEB related deferred outflows/inflows are direct components of pension liability (asset) and are not reflected in the governmental funds.

(215,496)

Change in Net Position of Governmental Activities

508,961

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the School District conform to generally accepted accounting principles as applicable to governments.

a. Financial Reporting Entity:

The reporting entity of Howard School District No. 48-3, consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds for which the primary government has a fiduciary responsibility, even though those fiduciary funds may represent organizations that do not meet the criteria for inclusion in the financial reporting entity); those organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The School District is financially accountable if its Governing Board appoints a voting majority of another organization's governing body and it has the ability to impose its will on that organization, or there is a potential for that organization to provide specific financial benefits to, or impose specific financial burdens on, the School District (primary government). The School District may also be financially accountable for another organization if that organization is fiscally dependent on the School District. The School District has no component units.

The School District participates in a cooperative service unit with several other school districts. See detailed note entitled "Joint Ventures" for specific disclosures. Joint ventures do not meet the criteria for inclusion in the financial reporting entity as a component unit but are discussed in these notes because of the nature of their relationship with the School District.

b. Basis of Presentation:

Government-Wide Financial Statements:

The Statement of Net Position and the Statement of Activities display information about the reporting entity as a whole. These statements include the financial activities of the overall government, except for fiduciary activities. These statements distinguish between the governmental and business-type activities of the School District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The Statement of Net Position reports all financial and capital resources, in a net position form (assets minus liabilities equal net position). Net position is displayed in three components, as applicable, net investment in capital assets, restricted (distinguishing between major categories of restrictions), and unrestricted.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)***

b. ***Basis of Presentation: (continued)***

Government-Wide Financial Statements: (continued)

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the School District and for each function of the School District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the District or it meets the following criteria:

1. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined, or
3. Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

The funds of the School District financial reporting entity are described below within their respective fund types:

Governmental Funds:

General Fund – A fund established by South Dakota Codified Laws (SDCL) 13-16-3 to meet all the general operational costs of the School District, excluding Capital Outlay Fund and Special Education Fund expenditures. The General Fund is always a major fund.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

b. Basis of Presentation: (continued)

Fund Financial Statements: (continued)

Governmental Funds: (continued)

Special Revenue Fund Types – Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Outlay Fund: A fund established by SDCL 13-16-6 to meet expenditures which result in the lease of, acquisition of or additions to real property, plant or equipment, textbooks and instructional software. This fund is financed by property taxes. This is a major fund.

Special Education Fund: A fund established by SDCL 13-37-16 to pay the costs for the special education of all children in need of special assistance and prolonged assistance who reside within the District. This fund is financed by grants and property taxes. This is a major fund.

Pension Fund: A fund established by SDCL 13-10-6 for the purpose of paying pensions to retired employees of school districts, which have established such systems, paying the District's share of retirement plan contributions, and for funding early retirement benefits to qualifying employees. This fund is financed by property taxes. This is not a major fund.

Debt Service Fund Types – Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

The Bond Redemption Fund: The QZAB Fund is the only debt service fund. This fund was established to collect money in the sinking funds for payment of term bonds. The Capital Outlay fund transfers money to this fund on a yearly basis. At the end of the term, the bonds will be paid off. This is a major fund.

Capital Project Fund Types – Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

The Capital Projects Fund: This is the only capital projects fund maintained by the School District. This is a major fund.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)***

b. ***Basis of Presentation: (continued)***

Fund Financial Statements: (continued)

Proprietary Funds:

Enterprise Funds – Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Food Service Fund: A fund used to record financial transactions related to food service operations. This fund is financed by user charges and grants. This is a major fund.

Other Enterprise Fund: A fund used to record financial transactions related to drivers' education and the FAST program. This fund is financed by user charges. This is not a major fund.

Fiduciary Funds:

Fiduciary Funds consist of the following sub-categories are never considered to be major funds:

Private-Purpose Trust Fund Types – Private-purpose trust funds are used to account for all other trust arrangements under which principal and income, benefit individuals, private organizations, or other governments. The School District maintains two private-purpose trust funds: Selix Scholarship Trust Fund and Diamond Davison Scholarship Trust Fund and their purpose is scholarships.

Agency Funds – Agency funds are used to account for resources held by the School District in a purely custodial capacity (assets equal liabilities). Since agency funds are custodial in nature, they do not involve the measurement of results of operations. The School District maintains several agency funds for various class years, clubs, athletic teams which account for the monies earned for the various class, club or team projects.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)***

c. **Measurement Focus and Basis of Accounting:**

Measurement focus is a term used to describe “how” transactions are recorded within the various financial statements. Basis of accounting refers to “when” revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

Measurement Focus:

Government-Wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus, applied on the accrual basis of accounting.

Fund Financial Statements:

In the fund financial statements, the “current financial resources” measurement focus and the modified accrual basis of accounting are applied to governmental funds, while the “economic resources” measurement focus and the accrual basis of accounting are applied to the proprietary and fiduciary funds.

Basis of Accounting:

Government-Wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues and related assets generally are recorded when earned (usually when the right to receive cash vests); and expenses and related liabilities are recorded when an obligation is incurred (usually when the obligation to pay cash in the future vests).

Fund Financial Statements:

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues, including property taxes, generally are recognized when they become measurable and available. “Available” means resources are collected or to be collected soon enough after the end of the fiscal year that they can be used to pay the bills of the current period. The accrual period does not exceed one bill-paying cycle, and for the Howard School District No. 48-3, the length of that cycle is sixty days.

Under the modified accrual basis of accounting, receivables may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Reported deferred revenues are those where asset recognition criteria have been met but for which revenue recognition criteria have not been met.

*HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

c. *Measurement Focus and Basis of Accounting: (continued)*

Basis of Accounting: (continued)

Fund Financial Statements: (continued)

Expenditures generally are recognized when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt which are recognized when due.

All proprietary and fiduciary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

d. *Interfund Eliminations and Reclassifications:*

Government-Wide Financial Statements:

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified, as follows:

1. In order to minimize the grossing-up effect on assets and liabilities within the governmental and business-type activities columns of the primary government, amounts reported as interfund receivables and payables have been eliminated in the governmental and business-type activities columns, except for the net, residual amounts due between governmental and business-type activities, which are presented as Internal Balances.

Fund Financial Statements:

Noncurrent portions of long-term interfund receivables are reported as non-spendable fund balance to the extent that the proceeds from the collection of those receivables are not restricted, committed or assigned. Current portions of interfund receivables are considered "available spendable resources" and are reported in the appropriate fund balance category.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)**

e. **Capital Assets:**

Government-Wide Financial Statements:

Capital assets include land, buildings, machinery and equipment, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at the estimated fair value on the date donated. Reported cost values include ancillary charges necessary to place the asset into its intended location and condition for use. Subsequent to initial capitalization, improvements or betterments that are significant, and which extend the useful life of the capital assets are also capitalized. For governmental activities Capital Assets, construction-period interest is not capitalized, in accordance with USGAAP, while for capital assets used in business-type activities/proprietary fund's operations, construction period interest is capitalized in accordance with USGAAP.

The total June 30, 2019 balance of capital assets for governmental activities includes approximately less than one percent for which the costs were determined by estimates of the original costs. These estimated original costs were established by appraisals or deflated current replacement cost. The total June 30, 2019 balance of capital assets for business-type activities are all valued at original cost.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the government-wide Statement of Activities, with net capital assets reflected in the Statement of Net Position. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

	<i>Capitalization Threshold</i>	<i>Depreciation Method</i>	<i>Estimated Useful Life</i>
Land	\$ --	-- *	--
Land improvements	15,000	straight-line	20 years
Buildings	50,000	straight-line	50 years
Machinery and equipment	5,000	straight-line	4-20 years

*Land is an inexhaustible capital asset and is not depreciated.

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital expenditures of the appropriate governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for on the accrual basis, the same as in the government-wide statements.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)***

f. **Long-Term Liabilities:**

The accounting treatment of long-term liabilities depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. Long-term liabilities at June 30, 2019 consist primarily of compensated absences, net pension liability, general obligation bonds, QSCB, and QZAB.

In the fund financial statements, debt proceeds are reported as revenues (other financing sources) and payment of principal and interest are reported as expenditures when they become due. The accounting for proprietary fund long-term debt is on the accrual basis, the same in the fund statements as it is in the government-wide statements.

g. **Program Revenues:**

In the government-wide Statement of Activities, reported program revenues derive directly from the program itself or from parties other than the School District's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

1. Charges for services – These arise from charges to customers, applicants, or others who purchase, use or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
2. Program-specific operating grants and contributions – These arise from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
3. Program-specific capital grants and contributions – These arise from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets for use in a particular program.

h. **Proprietary Funds Revenue and Expense Classifications:**

In the proprietary fund's Statement of Activities, revenues and expenses are classified in a manner consistent with how they are classified in the Statement of Cash Flows. That is, transactions for which related cash flows are reported as capital and related financing activities, noncapital financing activities, or investing activities are not reported as components of operating revenues or expenses.

i. **Cash and Cash Equivalents:**

The School District pools its cash resources for depositing and investing purposes. The enterprise funds have access to their cash resources on demand. Accordingly, all reported deposit and investment balances are considered to be cash equivalents for the purpose of the Statement of Cash Flows.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)***

j. **Equity Classifications:**

Government-Wide Financial Statements:

Equity is classified as net position and is displayed in three components:

1. **Net Investment in Capital Assets** – Consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable) and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. **Restricted Net position** – Consists of net position with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. **Unrestricted Net Position** – All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

Fund Financial Statements:

Governmental fund equity is classified as fund balance, and may distinguish between no spendable, restricted, committed, assigned or unassigned components. Proprietary fund equity is classified the same as in the government-wide financial statements. Fiduciary fund equity (except for Agency Funds, which have no fund equity) is reported as net position held in trust for other purposes.

k. **Application of Net Position:**

It is the School District’s policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)***

1. **Fund Balance Classification Policies and Procedures:**

In accordance with Government Accounting Standards Board (GASB) No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the School District classifies governmental fund balances as follows:

No spendable – Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

Restricted – Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

Committed – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision-making authority and does not lapse at year-end.

Assigned – Includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. Fund Balance may be assigned by School Board.

Unassigned – Includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The no spendable fund balance is comprised of inventory.

The School District uses restricted amounts first when both restricted and unrestricted fund balance is available unless there are legal documents that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Government would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The purpose of each major special revenue fund and revenue source is listed below:

<u>Major Special Revenue Fund</u>	<u>Revenue Source</u>
Capital Outlay Fund	Taxes
Special Education Fund	Taxes
Pension Fund	Taxes

*HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

2. DEPOSITS AND INVESTMENTS, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK:

The School District follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Various restrictions on deposits and investments are imposed by statutes. These restrictions are summarized below:

Deposits – The School District’s deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 13-16-15, 13-16-15.1 and 13-16-18.1. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts which exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank’s public debt rating which may not be less than "AA" or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

Investments – In general, SDCL 4-5-6 permits school funds to be invested in (a) securities of the United States and securities guaranteed by the United States government either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a); or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) and repurchase agreements described in (b). Also, SDCL 4-5-9 requires that investments shall be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

As of June 30, 2019, the School District did not have any investments. The investments reported in the financial statements consist only of certificates of deposit.

Credit Risk – State law limits eligible investments for the School District, as discussed above. The School District has no investment policy that would further limit its investment choices. As of June 30, 2019, the School District’s investment in the SD FIT pool was unrated. The fair value was \$127,893.

The South Dakota Public Fund Investment Trust (SDFIT) is an external investment pool created for South Dakota local government investing purposes. It is regulated by a nine-member board with representation from municipalities, school districts and counties. The net asset value of the SDFIT money market account (GCR) is kept at one dollar per share by adjusting the rate of return on a daily basis, since the School District has ready access to the cash that is reported as cash and cash equivalents.

Concentration of Credit Risk – The School District places no limit on the amount that may be invested in any one issuer. All of the School District’s investments are in South Dakota Public Investment Trust (SDFIT).

Interest Rate Risk – The School District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

2. *DEPOSITS AND INVESTMENTS, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK: (continued)*

Assignment of Investment Income – State law allows income from deposits and investments to be credited to either the General Fund or the fund making the investment. The District’s policy is to credit all income from deposits and investments to the General Fund. United States generally accepted accounting principles, on the other hand, requires income from deposits and investments to be reported in the fund whose assets generated that income. Where the governing board has discretion to credit investment income to a fund other than the fund that provided the resources for investment, a transfer to the designated fund is reported. Accordingly, in the fund financial statements, interfund transfers of investment earnings are reported, while in the government-wide financial statements, they have been eliminated, except for the net amounts transferred between governmental activities and business-type activities. These interfund transfers are not violations of the statutory restrictions on interfund transfers.

3. *RESTRICTED CASH AND INVESTMENTS:*

Assets restricted to use for a specific purpose through segregation of balances in separate accounts are as follows:

<u>Amount</u>	<u>Purpose</u>
<u>\$ 690,667</u>	For debt service, by debt covenants

4. *RECEIVABLES AND PAYABLES:*

Receivables and payables are not aggregated in these financial statements. The School Districts expects all receivables to be collected in one year.

5. *INVENTORY:*

Inventory held for consumption is stated at cost.

Inventory for Resale is stated at the lower of cost or market. The cost valuation method is consumption. Donated commodities are valued at estimated market value based on the USDA price list on the date of receipt.

In the government-wide financial statements and in the enterprise fund financials statements, inventory items are initially recorded as assets and charged to expense in the various functions of government as they are consumed.

In the governmental fund financial statements, inventories consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are consumed. Reported inventories are equally offset by a no spendable fund balance which indicates that they do not constitute “available spendable resources” even though they are a component of net current assets.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

6. PROPERTY TAX:

Property taxes are levied on or before each October 1, attach as an enforceable lien on property, and become due and payable as of the following January 1, and are payable in two installments on or before the following April 30 and October 31. The county bills and collects the School District's taxes and remits them to the School District.

School District property tax revenues are recognized to the extent that they are used to finance each year's appropriations. Revenue related to current year property taxes receivable which is intended to be used to finance the current year's appropriations, but which will not be collected during the current fiscal year or within the "availability period" has been deferred in the fund financial statements. Property tax revenues intended to finance the current year's appropriations, and therefore susceptible to accrual, has been reported as revenue in the government-wide financial statements, even though collection will occur in a future fiscal year.

7. CHANGES IN CAPITAL ASSETS:

A summary of changes in capital assets for the fiscal year ended June 30, 2019 is as follows:

Governmental Activities:

	<i>Balance 7/1/2018</i>	<i>Increases</i>	<i>Decreases</i>	<i>Balance 6/30/19</i>

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

8. LONG-TERM LIABILITIES: (continued)

Compensated absences for governmental activities have been liquidated from the General and Special Education Fund.

Debt payable at June 30, 2019 is comprised of the following:

Qualified school construction bonds	QSCB for high school metal roof, maturity date January 15, 2026, interest rate 5.85%, annual deposits of \$86,333 are required to be made to the Debt Service fund.	\$ 1,295,000
Qualified Zone Academy bonds	QZAB bond for elementary metal roof, maturity date September 12, 2025, unstated interest rate 5%, due in annual installments of \$33,333 from Capital Outlay fund.	233,335
General obligation bonds	The School District issued \$2,010,000 of general obligation certificates, Series 2015. The bonds are payable July 1, 2016 through July 1, 2030 with fixed interest rates from .40% to 3.00% that vary depending on the term of maturity. The Capital Outlay fund makes this payment.	1,530,000
General obligation bonds	The School District issued \$1,070,000 of general obligation refunding certificates, Series 2011. The bonds are payable January 1, 2012 through July 1, 2022 with fixed interest rates from .65% to 3.15% that vary depending on the term of maturity. The Capital Outlay fund makes this payment.	315,000
State Energy Loan	The School District received a loan for \$177,368. The loan is 0% interest, and \$17,740 payments. Annual payments are due by July 31st. The Capital Outlay fund makes this payment. There are fund remaining to be spent from loan.	159,628
Capital Outlay Series 2018	The School District issued \$2,025,000 in capital outly certicates. The loan is 3.15% interest. Semiannual payments are due January 1st and July 1st. Maturity date July 1st, 2033.	1,925,000
Other post-employment benefits	The School District provides medical coverage to retired employees and their dependents under certain conditions in accordance with SDCL 6-1-16. Benefit provisions were established and may be amended during the negotiated agreement process between district certified staff and the governing board.	658,163
Compensated absences	Sick leave is earned by employees at varying rates depending on position. Upon termination, certified staff and the business manager are entitled to reimbursement of unused sick leave up to 90 days at \$40 a day or a \$3,600 maximum. Classified staff are entitled to reimbursement of unused sick leave up to 60 days at \$30 a day or a \$1,800 maximum.	44,638

9. OPERATIONAL LEASES:

The School District entered into a three-year operational agreement with the Shannon Colony on September 20, 2018, expiring in the 2018-2019 school year. The agreement contains various covenants and restrictions. The School District will rent the colony school building for \$5,000 annually. Payments are made from the Capital Outlay Fund.

*HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

10. RESTRICTED NET POSITION:

The following table shows the net position restricted for other purposes as shown on the Statement of Net Position:

<u>Fund</u>	<u>Restricted By</u>	<u>Amount</u>
Capital Outlay	law	\$ 984,916
Special Education	law	1,336,936
Pension	law	155,402
Bond Redemption Fund	debt covenants	695,067
SDRS Pension Purposes	law	742,675
		<u>\$ 3,914,996</u>

11. ASSIGNED FUND BALANCE FOR CASH FLOW:

As authorized by SDCL 13-11-2, the School Board has determined that year-end minimum \$156,904 is necessary to protect the School District’s cash liquidity for July 1 through mid-November of the subsequent fiscal year. This amount is reported as Assigned Fund Balance in the affected fund.

12. INTERFUND TRANSFERS:

Interfund transfers for the year ended June 30, 2019 were as follows:

\$34,248 Transfers of investment and deposit earnings to the General Fund are reported. SDCL 4-5-9 and 13-16-18 give the School Board the authority to designate whether all such earnings should be retained by any individual funds or credited to the General Fund. These interfund transfers are not violations of the statutory restrictions on interfund transfers. Certain other statutes and debt covenants require earnings from investments and deposits to be retained in the fund that services the long-term debt.

\$78,190 Transfer from Capital Outlay for sinking fund requirements to bond redemption fund.

\$434,890 Transfer to cover the expenditures in the general fund for insurance, utilities, and fuel.

\$14,161 Transfer to Capital Outlay to close Capital projects fund.

*HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

13. *PENSION PLAN:*

a. *Plan Information:*

All employees, working more than 20 hours per week during the school year, participate in the South Dakota Retirement System (SDRS), a cost sharing, multiple employer defined benefit pension plan administered by SDRS to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability, and survivor's benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering and amending plan provisions are found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at <http://sdrs.sd.gov/publications.aspx> or by writing to the SDRS, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731.

b. *Benefits Provided:*

SDRS has three different classes of employees, Class A general members, Class B public safety and judicial members, and Class C Cement Plant Retirement Fund members.

Members that were hired before July 1, 2017, are Foundation members. Class A Foundation members and Class B Foundation members who retire after age 65 with three years of contributory service are entitled to an unreduced annual retirement benefit. An unreduced annual retirement benefit is also available after age 55 for Class A Foundation members where the sum of age and credited service is equal to or greater than 85 or after age 55 for Class B Foundation judicial members where the sum of age and credited service is equal to or greater than 80. Class B Foundation public safety members can retire with an unreduced annual retirement benefit after age 55 with three years of contributory service. An unreduced annual retirement benefit is also available after age 45 for Class B Foundation public safety members where the sum of age and credited service is equal to or greater than 75. All Foundation retirements that do not meet the above criteria may be payable at a reduced level.

Members that were hired on/after July 1, 2017, are Generational members. Class A Generational members and Class B Generational judicial members who retire after age 67 with three years of contributory service are entitled to an unreduced annual retirement benefit. Class B Generational public safety members can retire with an unreduced annual retirement benefit after age 57 with three years of contributory service. At retirement, married Generational members may elect a single-life benefit, a 60 percent joint and survivor benefit, or a 100 percent joint and survivor benefit. All Generational retirement benefits that do not meet the above criteria may be payable at a reduced level. Generational members will also have a variable retirement account (VRA) established, in which they will receive up to 1.5 percent of compensation funded by part of the employer contribution. VRAs will receive investment earnings based on investment returns.

Legislation enacted in 2017 established the current COLA process. At each valuation date:

Baseline actuarial accrued liabilities will be calculated assuming the COLA is equal to the long-term inflation assumption of 2.25%.

- If the fair value of assets is greater or equal to the baseline actuarial accrued liabilities, the COLA will be:
 - The increase in the 3rd quarter CPI-W, no less than 0.5% and no greater than 3.5%.
- If the fair value of assets is less than the baseline actuarial accrued liabilities, the COLA will be:
 - The increase in the 3rd quarter CPI-W, no less than 0.5% and no greater than a restricted maximum such that, that if the restricted maximum is assumed for future COLAs, the fair value of assets will be greater or equal to the accrued liabilities.

**HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

13. **PENSION PLAN:** *(continued)*

b. **Benefits Provided:** *(continued)*

All benefits except those depending on the member's accumulated contributions are annually increased by the cost-of-living adjustment.

c. **Contributions:**

Per SDCL 3-12, contribution requirements of the active employees and the participating employers are established and may be amended by the SDRS Board. Covered employees are required by state statute to contribute the following percentages of their salary to the plan; Class A Members, 6.0% of salary; Class B Judicial Members, 9.0% of salary; and Class B Public Safety Members, 8.0% of salary. State statute also requires the employer to contribute an amount equal to the employee's contribution. The School District's share of contributions to the SDRS are:

<i>Year Ended</i>	
<i>June 30,</i>	
2019	\$ 146,179
2018	\$ 143,451
2017	\$ 145,262

d. **Pension Liabilities (Assets), Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions:**

At June 30, 2018, SDRS is 100.02% funded and accordingly has a net pension asset. The proportionate share of the components of the net pension asset of South Dakota Retirement System, for the School District as of the measurement period ending June 30, 2018 and reported by the School District as of June 30, 2019 are as follows:

Proportionate share of pension liability	\$	14,069,043
Less proportionate share of net pension restricted for pension benefits		14,071,725
<i>Proportionate share of net pension (asset)</i>	\$	(2,682)

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

13. **PENSION PLAN:** (continued)

d. **Pension Liabilities (Assets), Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions:** (continued)

At June 30, 2019, the School District reported a liability (asset) of (\$2,682) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2018 and the total pension liability asset used to calculate the net pension liability (asset) was based on a projection of the School's share of contributions to the pension plan relative to the contributions of all participating entities. At June 30, 2018, the School District's proportion was 0.11500530%, which is a decrease of -0.0041521% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the School District recognized reduction of pension expense of \$207,893. At June 30, 2019 the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<i>Deferred Outflows of Resources</i>	<i>Deferred Inflows of Resources</i>
Difference between expected and actual experience	\$ 101,377	\$ --
Changes in assumption	680,961	--
Net difference between projected and actual earnings on pension plan investments	--	202,711
Changes in proportion and difference between District contributions and proportionate share of contributions	23,935	9,748
District contributions subsequent to the measurement date	146,179	--
TOTAL	\$ 952,452	\$ 212,459

\$146,179 reported as deferred outflow of resources related to pensions resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

<i>Year Ended June 30,</i>	
2020	\$ 370,136
2021	275,032
2022	(30,912)
2023	(20,442)
TOTAL	\$ 593,814

*HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

13. *PENSION PLAN: (continued)*

e. *Actuarial Assumptions:*

The total pension liability (asset) in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25 percent
Salary increases	Graded by years of service, from 6.50% at entry to 3.00% after 25 years of service.
Discount Rate	6.50% net of plan investment expense

Mortality rates were based on 97% of the RP-Mortality Table, projected generationally with Scale MP-2016, white collar rates for females and total dataset rates for males. Mortality rates for disabled members were based on the RP-2014 Disabled Retiree Mortality Table, projected generationally with Scale MP-2016.

A detailed experience analysis covering the period from June 30, 2011 to June 30, 2016, was conducted and appropriate modifications in the economic and demographic assumptions were made effective with the June 30, 2017 actuarial valuation.

Investment portfolio management is the statutory responsibility of the South Dakota Investment Council (SDIC), which may utilize the services of external money managers for management of a portion of the portfolio. SDIC is governed by the Prudent Man Rule (i.e., the council should use the same degree of care as a prudent man). Current SDIC investment policies dictate limits on the percentage of assets invested in various types of vehicles (equities, fixed income securities, real estate, cash, private equity, etc.). The long-term expected rate of return on pension plan investments was determined using a method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2017 (see the discussion of the pension plan's investment policy) are summarized in the following table using geometric means:

<i>Asset Class</i>	<i>Target Allocation</i>	<i>Long-term Expected Real Rate of Return</i>
Global equity	58.0%	4.8%
Fixed income	30.0%	1.8%
Real estate	10.0%	4.6%
Cash	2.0%	0.7%
<i>TOTAL</i>	100.0%	

*HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

13. *PENSION PLAN: (continued)*

f. *Discount Rate:*

The discount rate used to measure the total pension asset was 6.5 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that matching employer contributions from will be made at rates equal to the member rate. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

g. *Sensitivity of asset to changes in the discount rate:*

The following presents the School District’s proportionate share of net pension liability (asset) calculated using the discount rate of 6.50 as well as what the School’s proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (5.50%) or 1-percentage point higher (7.50%) than the current rate:

	<i>1% Decrease</i>	<i>Current Discount Rate</i>	<i>1% Increase</i>
School District's proportionate share of the net pension liability (asset)	\$ 2,025,805	\$ (2,682)	\$ (1,652,747)

h. *Pension Plan Fiduciary Net Position:*

Detailed information about the plan’s fiduciary net position is available in the separately issued SDRS financial report.

i. *Payables to the Pension Plan:*

No payables were reported to the defined benefit plan at end of year.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

14. JOINT VENTURES:

The School District participates in the Prairie Lakes Educational Cooperative, a cooperative service unit (co-op) formed for the purpose of providing special education services and fiscal management services to the member school districts.

The members of the co-op and their relative percentage participation in the co-op are as follows:

The co-op's governing board is composed of one representative from each member school district, who is a School Board member. The board is responsible for adopting the co-op's budget and setting service fees at a level adequate to fund the adopted budget.

The School District retains no equity in the net position of the co-op but does have a responsibility to fund deficits of the co-op in proportion to the relative participation described above.

Separate financial statements for this joint venture are available from Prairie Lakes Educational Cooperative.

	<i>6/30/2019</i>
Total Assets	\$ 128,231
Total Liabilities	\$ 72,224
Total net position	\$ 56,007

The School District participates in the Prairie Lakes Educational Cooperative, a cooperative service unit (co-op) formed for the purpose of providing special education services and fiscal management services to the member school districts.

The members of the co-op and their relative percentage participation in the co-op are as follows:

Baltic School District No. 49-1	7.80%
Chester Area School District No. 39-1	5.40%
Colman-Egan School District No. 50-6	5.20%
Dell Rapids School District No. 49-3	15.20%
Flandreau School District No. 50-3	14.70%
Garretson School District No. 49-4	6.20%
Howard School District No. 48-3	7.80%
Madison Central School District No. 39-2	15.20%
Oldham-Ramona School District No. 39-5	3.80%
Rutland School District No. 39-4	3.50%
Tri-Valley School District No. 49-6	15.20%

The co-op's governing board is composed of one representative from each member school district, who is a School Board member. The board is responsible for adopting the co-op's budget and setting service fees at a level adequate to fund the adopted budget.

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

15. RISK MANAGEMENT:

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended June 30, 2019, the School District managed its risks as follows:

Health Insurance:

The School District purchases health insurance for its employees from a commercial insurance carrier. Settled claims resulting from these risks have not exceeded the liability coverage for the past several years.

Unemployment Benefits:

The School District has elected to be self-insured and retain all risk for liabilities resulting from claims for unemployment benefits. During the year ended June 30, 2019, no claims were filed for unemployment benefits. It is not anticipated that any additional claims for unemployment benefits will be filed in the next fiscal year.

Liability Insurance:

The School District purchases liability insurance for risks related to torts; theft or damage to property; and errors and omissions of public officials from a commercial insurance carrier. Settled claims resulting from these risks have not exceeded the liability coverage for the past several years.

Workers' Compensation:

The School District purchases liability insurance for workers' compensation from a commercial carrier.

**HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

16. POST EMPLOYMENT HEALTHCARE PLAN:

Plan Description:

The Howard School District offers a single employer defined benefit healthcare plan. The plan provides medical coverage to retired employees and their dependents under certain conditions in accordance with SDCL 6-1-16. Benefit provisions were established and may be amended during the negotiated agreement process between District certified staff and the governing board. The health plan does not issue separately stated stand-alone financial statements.

An employee who is employed by the District and who is eligible to participate in the group health plan is covered. An employee with a combination of years of service with the school district and age totaling 60 or greater leaving the district may continue insurance coverage with the group health insurance plan until they reach the age 65. Spousal and dependent coverage is provided as long as the required contributions are paid. Spouses may continue coverage after the retiree's coverage terminates until the spouse has reached age 65. The eligible retiree must pay monthly contributions based on 100% of the full active employee premium rate. All coverage ceases when the retiree or spouse attains age 65 or becomes eligible for Medicare except for COBRA continuation if elected.

Funding Policy:

The retiree is responsible for 100% of the full active premium rates for either single or family coverage.

Changes in Liability:

For the year ended June 30, 2019, the beginning balance of the OPEB liability was \$658,163. Total OPEB liability was determined as of the measurement date, which is June 30, 2019. The changes in the total OPEB liability for 2019 were as follows:

	<i>2018-2019</i>
Beginning of year balances	\$ 596,302
Charges for the year:	
Service cost	72,668
Interest on total OPEB liability	23,585
Effect on assumption changes or inputs	(13,893)
Benefit payments	(20,499)
End of year balances	<u>\$ 658,163</u>

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

16. POST EMPLOYMENT HEALTHCARE PLAN: (continued)

For the year ended June 30, 2019, the District recognized OPEB Expense of \$89,962. OPEB expense was determined as follows:

	<i>2018-2019</i>
Service Cost	\$ 72,668
Interest on total OPEB liability	23,585
Recognition of Deferred Inflos/Outflows of Resources:	
Recognition of assumption changes	<u>(6,291)</u>
End of year balances	<u>\$ 89,962</u>

As of June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<i>Deferred Outflows of Resources</i>	<i>Deferred Inflows of Resources</i>
Changes in Assumptions	\$ --	\$ --
District contributions subsequent to the measurement date	<u>(35,546)</u>	--
End of year balances	<u>\$ (35,546)</u>	<u>\$ --</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB (revenue) expense as follows:

	<i>Year ended June 30</i>
2020	\$ (6,291)
2021	(6,291)
2022	(6,291)
2023	(6,291)
2024	(6,291)
Thereafter	<u>(4,091)</u>
Total	<u>\$ (35,546)</u>

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

16. POST EMPLOYMENT HEALTHCARE PLAN: (continued)

Actuarial Methods and Assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. Active employees and retirees are charged an equal, blended premium rate for single or family coverage. Although both groups are charged the same rate, GAAP requires the actuarial amounts to be calculated based on the discount rate and actuarial assumptions below and projected forward to the measurement date.

The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following assumptions:

- The discount rate used was 3.87% and was based up on the Bond Buyer General Obligation 20-year Municipal Bond Index as of the measurement date.
- The retiree participation rate was assumed to be 25%. The retiree election of family coverage rate was assumed to be 25%.
- Mortality rate were based on 97% of the RP_2014 Mortality Table, White Collar table for females, total dataset for males, adjusted to 2006 and projected generationally with MP-2017.
- Net Claims Cost in future years equal the starting claim cot adjusted for the assumed ongoing cost trends. Such trends are based on the health care cot trend rate adjusted for the impact of plan deign and cost containment features. Selected rates are shown below:

<u>Duration</u>	<u>Medical Rate</u>
1	6.10%
2	5.80%
3	6.50%
4	5.00%
5	5.00%
10	5.30%
15	5.80%
20	5.70%
25	5.60%
30	5.30%
35	5.10%
40	5.00%
45	4.90%

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

16. POST EMPLOYMENT HEALTHCARE PLAN: (continued)

Actuarial Methods and Assumptions: (continued)

- Assumed annual salary, including inflation, for active members are as follows:

<u>Service</u>	<u>Percentage Increase</u>
0	6.50%
1	6.00%
2	5.55%
3	5.30%
4	5.15%
10	4.25%
15	3.76%
20	3.36%
25	3.05%
25+	3.00%

Sensitivity Analysis

The following represents the District's total OPEB liability, calculated using a discount rate that is one percent lower or one percentage point higher than the current rate:

	<i>1% Decrease</i>	<i>Current Discount Rate</i>	<i>1% Increase</i>
	2.87%	3.87%	4.87%
Total OPEB Liability	\$ 707,345	\$ 658,163	\$ 612,578

The following represents the District's total OPEB liability, calculated using healthcare the current healthcare cost trend rates as well as what the District's total OPEB liability would be if it were calculated using trend rates that are one percentage point lower or one percentage point higher than the current trends analysis.

	<i>1% Decrease</i>	<i>Current Trend Rate</i>	<i>1% Increase</i>
Total OPEB Liability	\$ 586,827	\$ 658,163	\$ 741,983

JUNE 30, 2019

1. BUDGETS AND BUDGETARY ACCOUNTING:

The School District followed these procedures in establishing the budgetary data reflected in the financial statements:

- a. Prior to the first regular board meeting in May of each year the School Board causes to be prepared a proposed budget for the next fiscal year according to the budgetary standards prescribed by the Auditor General.
- b. The proposed budget is considered by the school board at the first regular meeting held in the month of May of each year.
- c. The proposed budget is published for public review no later than July 15 each year.
- d. Public hearings are held to solicit taxpayer input prior to the approval of the budget.
- e. Before October 1 of each year, the school board must approve the budget for the ensuing fiscal year for each fund, except fiduciary funds.
- f. After adoption by the school board, the operating budget is legally binding and actual expenditures of each fund cannot exceed the amounts budgeted, except as indicated in number 8.
- g. A line item for contingencies may be included in the annual budget. Such a line item may not exceed 5 percent of the total school district budget and may be transferred by resolution of the school board to any other budget category, except for capital outlay, that is deemed insufficient during the year. No amount of expenditures may be charged directly to the contingency line item in the budget.
- h. If it is determined during the year that sufficient amounts have not been budgeted, state statute allows adoption of supplemental budgets when moneys are available to increase legal spending authority.
- i. Unexpended appropriations lapse at year-end unless encumbered by resolution of the school board.
- j. Formal budgetary integration is employed as a management control device during the year for the General Fund and special revenue funds.
- k. Budgets for the General Fund and each major special revenue fund are adopted on a basis consistent with generally accepted accounting principles (GAAP).

HOWARD SCHOOL DISTRICT NO. 48-3
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
OTHER THAN MD&A
JUNE 30, 2019

2. USGAAP/BUDGETARY ACCOUNTING BASIS DIFFERENCES:

The financial statements prepared in conformity with USGAAP present capital outlay expenditure information in a separate category of expenditures. Under the budgetary basis of accounting, capital outlay expenditures are reported within the function to which they relate. For example, the purchase of a new school bus would be reported as a capital outlay expenditure on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances, however in the budgetary Required Supplementary Information Schedule, the purchase of a school bus would be reported as an expenditure of the Support Services-Business/Pupil Transportation function of government, along with all other current Pupil Transportation related expenditures.
