Howard School Booster Club Meeting

Members present: Pat Ruml, Stacy Kampshoff, Erin Feldhaus and Angie Rentz

Senior pictures are still in the works and hope to be completed soon.

Angie checked on a TV and brackets for the ticket takers room. Karl's has a LG smart TV 32" for \$199 and the wall mount bracket is \$99. The group agreed that this would be a good purchase since you cannot see what is going on during the events in the room.

The kitchen tables were used at the Howard Invite in the hallway to offer a place to eat your food. This worked well, the booster club will not continue to pursue purchasing tables.

Coats racks will be brought in the hallway across from the concession stand.

Booster club will purchase more towels for the concession stand.

The Booster club agreed to pay the Youth boys basketball \$750 for set up, running and tearing down of the concession at their tournament.

Mr. Aslesen wanted to make sure the booster club was prepared for the large crowds expected at the DeSmet doubleheader on Tuesday 01/14/2020.

The table covering is ordered for the use at Job Fairs, signing and other Howard School District events.

It was brought up about the booster club having a gift card or certificate. We will talk about this and see what may work.

The popcorn directions need to be fixed on the south wall.

Larger garbage cans will be purchased for use in the concession stand.

The booster club will make some time and label the areas in the concession stand in the near future.

Bills to pay:

Coke – 3 bills                      Howard Cold Storage – 2 bills

Pepsi – 2 bills                      Rusty's

Tom's Hardware
