Erin will talk to other towns who are currently using Live Ticket and Angie will contact people who are using Big Sioux Media to get input on the pros and cons.

A decision was made to hold off on the mural for the gym since we have another large project in the works at this time.

Erin brought up that the display cabinet for the booster club to use is up in the hallway in the school. The shelves and lock are missing, we will look at putting things of interest to the students in the case once everything is found.

Handrails on the grandstand at the football field was brought up as a future need. Pat Ruml stated that this has been looked into and that the bleachers are not up to code. Handrails are unable to put on the current steps due to not enough room. This is something that the booster club will let the school take care of.
