

# Howard Student Council Presents:

## Flamingos for a Cure!

### What is it?

Howard Student Council will be “flocking” yards with flamingos around town to raise money for cancer during the month of October!

### How it works?

If “flocked”, you will find your yard to be home to a flock of flamingos! To place the flock on someone else’s yard, you must pay Howard Student Council \$20. To protect your yard from becoming “flocked” again, you must pay Howard Student Council \$30.

### How to make it happen?

Call or email Ms. Dunwoody to reserve your flock!
