

Free School Breakfast/Lunch Meals

The Howard School District has been approved to offer FREE Breakfast and Lunch for all enrolled students within the School District. The meals will be free through December 23rd, or until United States Department of Agriculture funding runs out. Your family account will be refunded for all paid meals going back to Tuesday, September 1st, 2020. The refund will be kept in your family account until we begin charging for meal service.

Please note: Ala carte purchases are not included in the free meal offering. Ala Carte items will be charged to the family account accordingly. This includes milk if your child needs to purchase milk for sack lunch, milk breaks or any extra items above the regular meal.

Families with any current balance due will still be required to pay that balance.

It is extremely important for all eligible families to complete the free and reduced applications for your meal status to be up to date when United States Department of Agriculture funding runs out.

If you have questions or concerns feel free to email me at Marcia.Sherman@k12.sd.us

Thank you
